

std::array< scalar
_t, kSize >

The diagram illustrates an inheritance relationship. At the bottom is a box for 'traccc::Reals' with a black border and a grey fill. It contains the text 'traccc::Reals< scalar _t, kSize >' and has two empty grey-filled rows below it. A blue arrow points upwards from the top of this box to the bottom of a box above it. The top box is for 'std::array' with a white fill and a grey border. It contains the text 'std::array< scalar _t, kSize >' and has two empty white rows below it.
