

performance/include
/traccc/performance
/details/is_same_scalar.hpp

```
graph BT; A["performance/src/performance/details/is_same_object.cpp"] --> C["performance/include/traccc/performance/details/is_same_scalar.hpp"]; B["performance/src/performance/details/is_same_scalar.cpp"] --> C;
```

The diagram illustrates a file dependency structure. At the top is a header file box with a gray background. Below it are two source file boxes. Blue arrows point from each source file box up to the header file box, indicating that both source files include the header.
