

io/include/traccc/io
/csv/make_surface_reader.hpp

```
graph BT; A["io/src/csv/make_surface_reader.cpp"] --> B["io/include/traccc/io/csv/make_surface_reader.hpp"]; C["io/src/csv/read_surfaces.cpp"] --> B;
```

The diagram illustrates the dependencies of the header file `io/include/traccc/io/csv/make_surface_reader.hpp`. Two source files, `io/src/csv/make_surface_reader.cpp` and `io/src/csv/read_surfaces.cpp`, are shown with blue arrows pointing to the header file, indicating that they depend on it.

io/src/csv/make_surface
_reader.cpp

io/src/csv/read_surfaces.cpp
