

io/src/csv/read\_spacepoints.hpp

```
graph BT; A[io/src/csv/read_spacepoints.cpp] --> B[io/src/csv/read_spacepoints.hpp]; C[io/src/read_spacepoints.cpp] --> B;
```

The diagram illustrates a header file structure. At the top is a grey rectangular box containing the header file path `io/src/csv/read_spacepoints.hpp`. Below it are two white rectangular boxes. The left box contains `io/src/csv/read_spacepoints.cpp` and the right box contains `io/src/read_spacepoints.cpp`. Two blue arrows point from the top of each of these bottom boxes up to the bottom of the top box, indicating that both source files include the header file.
