

detray::actor

```
classDiagram
    class detray_actor["detray::actor"]
    class traccc_smearing_writer["traccc::smearing_writer < smearer_t >"]
    detray_actor <|-- traccc_smearing_writer
```

The diagram consists of two class boxes. The top box, representing 'detray::actor', is white with a black border and is divided into three horizontal sections. The bottom section is empty. The bottom box, representing 'traccc::smearing\_writer < smearer\_t >', is gray with a black border and is also divided into three horizontal sections. The top section contains the text 'traccc::smearing\_writer < smearer\_t >', the middle section is empty, and the bottom section contains '+ operator()()'. A blue arrow with an open triangular head points from the top of the bottom box to the bottom of the top box, indicating an inheritance relationship.

traccc::smearing\_writer  
< smearer\_t >

+ operator()()
